

## **Explore Chaska Internships!**

Are you ready for a rewarding adventure at Chaska? If you're excited to join us, reach out to us at [chaska.cusco@gmail.com](mailto:chaska.cusco@gmail.com) with your preferred role, resume, and a brief peek into your internship aspirations.

### **Psychology**

At Chaska, we're dedicated to empowering young girls from public high schools. We identify these incredible individuals through the JS-Neo 60 test, focusing on their character traits: emotional stability, conscientiousness, and openness to experience. While in the program, we offer psychological support to the girls and their families.

As a psychology intern, your responsibilities could include:

- Being part of our yearly intake process, diving into thousands of JS-Neo 60 tests.
- Assisting in assessing the socioeconomic status of families.
- Conducting enlightening psychological evaluations for our girls and recommending potential treatment.
- Tracking the progress of our girls and lending a helping hand to their families in educational matters.

### **Social Work**

Our Chaska girls come from families facing severe hardships. Many have parents with minimal education and challenging livelihoods. Most live in cramped apartments without basic amenities, and their fathers are often absent. Their mothers work tirelessly just to

make ends meet. While in the program, Chaska provides tailored support to families and the Chaska girls based on their needs and circumstances.

As a social work intern, your responsibilities could include:

- Collaborate directly with our lead psychologist and program director.
- Organize and lead empowering workshops for the Chaska girls and their families, covering topics from parenting to self-esteem, and beyond.
- Work closely with families to address their unique household challenges and empower them with knowledge, skills, and abilities.

## **Teachers**

At Chaska, we provide girls with a wide range of classes in subjects like STEM, English, Health, and more. Every class is a journey of critical thinking and exploration.

As a teaching intern, your responsibilities could include:

- Conduct assessments to understand academic needs.
- Craft engaging classes tailored to the unique needs of our Chaska girls.
- Teach small groups, ensuring personalized attention.
- Track individual progress and share inspiring progress reports.

## **Marketing**

For small nonprofits like Chaska, marketing is the key to spreading our message, attracting support, and fulfilling our mission.

As a marketing intern, your responsibilities could include:

- Collaborate directly with Chaska USA board members and our program director.
- Craft brilliant marketing and communication plans.
- Dive into the world of social media, website design, and other creative marketing endeavors.
- Build and nurture relationships with our incredible donors.

## **Nonprofit Grant Writing**

Grant writing is a lifeline for small nonprofits, offering a critical avenue for securing essential funding to advance their missions. Additionally, successful grant writing helps small nonprofits build credibility and partnerships, fostering long-term sustainability and growth in their efforts to address pressing social, environmental, and humanitarian issues. Are you ready to write for a cause?

As the Nonprofit Grant Writing intern, your responsibilities could include:

- Researching and compiling a list of grant opportunities.
- Crafting persuasive narratives and content for grant applications.
- Ensuring timely submission of grants.
- Reporting your progress during our monthly board meetings.

**And for those with a spark of innovation, you could even propose a mutually beneficial project of your choice!**
